

City & Guilds 6150-55

Emergency Rescue and Recovery of Casualties from Confined Spaces (Entry)

This course allows learners to provide proof of training and qualifications through a recognised City and Guilds training certificate, the course investigates all aspects of completing emergency rescue and recovery of casualties in this environment.

The 6150-55 course is held at a dedicated training facility or can be held at your premises, and ensures that all aspects of performing rescue work for emergencies within confined spaces is covered within the content. The qualification should be renewed every 3 years.

Who is the Course Suitable For?

Those who work in or want to work in a confined space rescue team would find this course beneficial for their ability to carry out the tasks set out in their job role. Also, people who have other confined space job roles would benefit from studying this training course.

Those who work in a Water UK site will need to look at the version of the confined space training courses which is 6150-05. Please contact us for further details.

What is Covered in the Course?

A detailed training programme is provided which ensures that learners are given the best possible training, the 6150-55 course ensures that learners can deal with emergencies effectively.

The confined space emergency rescue course covers things like safe entry to the confined space with the use of breathing apparatus for low, medium and high risk confined spaces. Modules include:

- Preparation for safe working in confined spaces in an emergency
- Exiting and entering confined spaces safely
- Preparation for use of breathing apparatus and using the apparatus in the confined space
- The use of rescue equipment
- Safe rescue and recovery of a casualty
- Safety procedures
- How to deal with emergencies
- Behaviour when carrying out emergency rescue and recovery
- Applying industry specific knowledge to given emergency situations

City & Guilds Accredited Centre

City & Guilds are represented in over 100 countries worldwide as a vocational awarding body for qualifications.
